How to Take a Screenshot on the iPad

This guide will give you instructions on how to take a screenshot on the iPad.

Step 1
Go to the screen you would like to create a screen shot.

Step 2
When at this screen, click on the Home button, and while pressing that button, press and release the On/Off/Sleep/Wake button at the top of the iPad.

When you press this button combination, you will see a white flash and hear a sound similar to a camera click.

Step 3
The screen shots that you take are stored within the Photos app.
