CRIME SCENE PHOTOS

STATEMENTS

- **Witness Statement:** “I came in to check on him in his office he had his Gryffindor coffee thermos in his hand and he wasn’t responsive. I called 911 and attempted CPR.”

STATEMENTS

- **First Responding Officer Statement:** “The victim showed no outward signs of physically inflicted wounds. Victim was not responsive to CPR and EMT attempts, so we declared him dead on scene at 10:25 am.”

AUTOPSY REPORT

- Victim has no open wounds, just vivid scratching scars
- Cause of Death: hydrargyriasis or mercurialism aka Mercury poisoning.
- There was damage to the brain, kidney, and lungs

SUSPECT MOTIVES

- **Alex:** Dr. Bloom told him he was a failure and was wasting his time with magic
- **Arnetta:** Dr. Bloom dropped her from the College of Ed.
- **Rachel:** Dr. Bloom insulted her food many times.

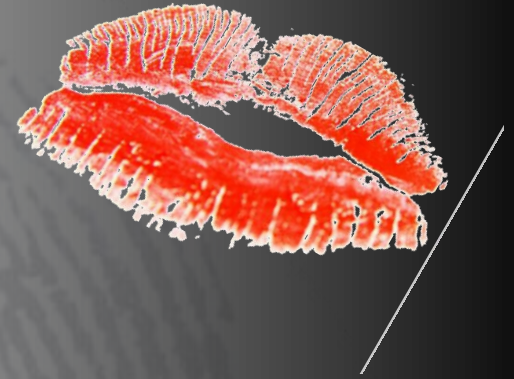

WHO KILLED DR. BLOOM?

- Alex, his abused former student?
 - Arnetta, his new abused former student?
 - Rachel, the angry chef?
-
- Explain your reasoning, give support through evidence on who you think is the murderer.

THE MURDER IS...

- Arnetta
- Has access to chemical elements in chemistry labs
- Knows how to change Mercury into a dried solid from her background as a chemistry major
- Powder could have easily been concealed in her personal belongings
