

My Semester Summary

U TURN
IN HOMEWORK
U GET
BETTER GRADES

Students must have
their developmental
needs met in order to
be successful in school

Image of a
Learner

Students are like puzzle
pieces because every
piece is shaped
differently and makes up
a special part of a
whole.

I learned that
students like to learn
and be challenged by
teachers to do their
best and achieve their
goals in life.

students like fun, interesting
classrooms

What I Learned:

And fun activities
that allow
everyone to learn
