

**Want to learn more about your Type 2 Diabetes?  
Having trouble using your meter and test strips?  
Not sure what all your diabetes medications are for and  
how they work?**

**Come see us at the Type II Diabetes Ambulatory Care Clinic at the Diabetes and Endocrinology Center at Franciscan Health. This new service allows you to sit down with an experienced pharmacist to focus on you and your needs and to help you learn more about your diabetes. Through personalized one on one visits we can help get your diabetes on the right track and help you learn all there is to know about your medications and testing devices. Ask your health care provider for a referral today.**

**Provider referral only. For more information call us at 317-640-4252 or visit us at <https://blogs.butler.edu/rx646bane/>**
