The student must arrive at the HRC for check-in at their assigned time, present their Butler ID, and then they will receive their room key, check-in information, and their color coded placard needed for the unloading zone. Once finished at the HRC, vehicles will leave the HRC / Hinkle parking lot and proceed on the color coded route to their building’s unloading zone. At the unload zone, the driver of the vehicle will not get out, the vehicle will be unloaded by our move-in crews, and the crews will take belongings to the student’s room. Once unloaded, vehicles will proceed to park in one of the areas designated for visitors and family parking. Student vehicles with “B” parking decals may park in areas marked for “B” student parking.
