MOODLE RENOVATION
Coming on August 23rd!

3 THINGS TO KNOW

- Existing Moodle course content will not be altered. This means you can still build your courses before the fall semester.
- Moodle users will not need to take any special steps to make this upgrade a success. This means you can continue using Moodle in your normal way.
- Moodle will be gaining accessibility, functionality, and visual appeal. Each improvement is designed to enhance every Moodle user's experience.

MOODLE RESOURCES TO USE THIS FALL

- **Moodle Evolution blog:** blogs.butler.edu/moodleevolution
  Use this to learn more about the renovation and stay up to date on Moodle news.
- **Moodle QuickGuides:** blogs.butler.edu/quickguides
  *Use this to educate yourself about the improved functionality. This is especially useful for the **improved gradebook**.*
- **Training and Development Opportunities:**
  Contact Danielle Valenilla (dvalenil@butler.edu) for more information about individual or group consultations.
- **Moodle Docs:** docs.moodle.org
  Use this for in-depth documentation from Moodle developers
- **Atomic Learning:** apps.butler.edu/atomiclearning
  Use this for step-by-step video tutorials
